Optional or upgraded procedure(s) are defined as any alternative procedure(s) presented by the Contract Dentist and formally agreed upon by financial consent that satisfies the same dental need as a covered procedure. You may elect an optional or upgraded procedure, subject to the limitations and exclusions of the plan. The applicable charge to You is the difference between the Contract Dentist's regularly charged fee (or contracted fee, when applicable) for the Optional or upgraded procedure and the covered procedure, plus any applicable Copayment for the covered procedure.

Teledentistry Services - Teledentistry services are dental services delivered by a Dentist acting within the scope of the Dentist's license, or by a health professional acting under the Dentist's delegation and supervision and within the scope of the health professional's license or certification. Teledentistry services use telecommunications and information technology to deliver the services to You in one physical location while the Dentist or health professional is located in a different physical location. We cover Teledentistry services the same as services provided in an in-office visit. Teledentistry services provided by a Dentist other than Your Contract Dentist are considered Out-of-Network and may result in an out-of-pocket cost to You.
